

THE LEADING FOLDABLE CONTAINER SOLUTION

CONTINEST®

Space to go

MOBILE | INNOVATIVE | SAFE

CONTINEST® | SPACE TO GO

ContiNest in cooperation with its strategical suppliers and partners started the development of the most advanced mobile defence temporary infrastructure solution, which can offer mobility, safety and independent operation for the specialists in the first line.

Based on the ongoing R&D work, the (CNBP10) model aims to reach Stanag 4569. Level 2 protection as a first phase, applied on different settings.

ContiNest foldable containers generate 80% savings on logistical costs and needs - trucks, drivers, fuel and other associated costs, CO2 emissions. 24 units of CN10 or 12 units of CN20 folded containers can be transported on a mega trailer.

CONTINEST NEW PRODUCTS

CN SU20 (Solar panels)

The CN SU20 model is developed with the aim to provide vital support during the first phase of deployments when reliable, independent energy resources are critical to the success of any mission.

CONTINEST® | SPACE TO GO

WETCELL

Designed and produced by MSS International in close cooperation with Continest. A WETCELL is equipped with a regular flush toilet, a sink and a shower. Furthermore the WETCELL comes with a heater for a nice and warm unit as well as with a tankless water heater to make sure that there is 24/7 warm and comfortable water available for the shower (and the sink).

The WETCELL can be connected to a foldable container from Continest, both the CN10 and CN20. Especially when CN10 or CN20 containers are interconnected the WETCELL is a perfect supplement to the CN10 and/or CN20. The WETCELL can be applied also as a stand-alone unit.

Continest is a market-leading foldable container solution specially developed for the purpose of relatively short-period usage anywhere there is a need for handling large crowds for temporary accommodation, office/meeting rooms, first aid, command post, guard post, storage, service area, cooling and heating purposes.

THE LEADING FOLDABLE CONTAINER SOLUTION
