CN CARGO

THE NEXT GENERATION LOGISTICAL SOLUTION

- ▶ 2 Pallet Wide to match current industry standards
- ▶ Sustainable technology with long-term economic benefits
- ▶ Strong & durable; sets up in minutes using basic equipment
- ▶ Manufactured in EU (Hungary)

Interconnected by standard double twistlocks

Stackable: 2 containers (unfolded, with cargo) or 10 containers (folded)

Continest continues to revolutionize the industry with its foldable container solutions. The latest innovation in cargo transport: The **CN Cargo** 20' foldable cargo container premiered at the Intermodal Europe 2022 in Amsterdam. Along with the worldwide event, medical, defense, and humanitarian aid sectors already served by Continest's technology, the cargo industry can now also benefit from reduced transportation and storage costs while contributing to a global effort to reduce CO2 and GHG emissions. Empty runs and limited space are no longer obstacles when **5 folded CN Cargo units can be stored and transported in the space of 1 standard container.**
