CN Retail Unit

The CN Retail Unit is an easily deployable, foldable container designed for fast, practical, and comfortable on-site vending. The CN Retail Unit provides a 20ft long pop-up unit for merchandise, retail, F&B, ticket sales, box office, etc.

As with all CN products, it reduces the environmental impact of transportation and construction time; thus, transforming event logistics as we know it.

**The Lift-Up Canopy and Drop-Down Counter Make It The Perfect Solution For Any Point-Of-Sale Operation**

▸ The CN Retail Unit is based on the standard CN20 container. Multiple units can be combined modularly and joined together along either the long or the short walls.

▸ The top panel along the long side wall opens the unit making it ready for service (gas struts ensure smooth and safe opening and closing).

▸ The integrated, lockable service table provides a high quality, stable surface.

CN⬡RETAILUNIT

Trademark No. 227509
Patent Registration No. WO 2019/064036

Size (L x W x H):

▸ Closed: 6058 mm x 2440 mm x 555 mm

▸ Open: 6058 mm x 2440 mm x 2776 mm

▸ Inner height: 2504 mm

▸ Inner width: 2315 mm

▸ Inner length: 5791 mm

Weight:

▸ 2000 kg

Logistical Advantages:

▸ 10 units can be loaded and stacked on a standard trailer

▸ Decreased logistical and administrative costs (e.g., entrance permits) by 80% due to its stackabilty when folded

▸ Decreased storage space requirements by 80%

▸ A single machine (forklift, telehandler, crane, etc.) can be used to load, unload, set-up, and teardown

▸ Environmentally friendly and sustainable; provides an 80% reduction in CO_2 emissions

▸ Fast deployment and installation within minutes

Operational Advantages:

▸ Quick: set-up and teardown take only 5-10 minutes on a leveled surface

▸ Safe: the unit uses patented hinge technology to ensure stability and teardown can only be initiated using the proper tools and machinery

▸ High Comfort: insulated containers can be cooled or heated

▸ Mobile, scalable, and modular
